

PRECISION MARSHALL STEEL

PRODUCTION ASSOCIATES

The position:

Hourly production associates responsible for processing steel used in the tool and die industry. Machining operations include but are not limited to milling, grinding, sawing, and packaging steel product.

Associates are expected to operate at a professional level with consideration to safety, quality and productivity. It is essential that associates are focused on all three while maintaining a professional relationship with customers, peers, management and vendors.

What we offer:

- Competitive wages and benefits
- Excellent Health, Pension and Paid Time Off Benefits
- A position with a 65+ year old local manufacturer and industry leader
- Paid training

What we are looking for:

- “Go Getters”, those who want to succeed. We are not looking for good associates – we are looking for great associates.
- Associates who will take pride in their work and strive for continuous improvement.
- Strong organizational and communication skills are required, strong math and reading comprehension skills are necessary.
- Positive attitude and willing to do what it takes to improve shop performance.
- The ability to lift and carry 100 pounds.
- Willing to work all shifts and weekends
